

Donate to ISOST

Last Updated Saturday, 10 February 2007

Please make a donation if you find our resources useful and want to support the continued development of Orthogate!

Your donations help us by financially supporting developer conferences, presentation materials and travel expenses for things like the AAOS Meeting, as well as any other expenses that might come up as we develop and promote the resource we all use.

Why ISOST Matters?

You will see that our donations all go to an account at Internet Society of Orthopaedic Surgery and Traumatology (ISOST). ISOST is the legal entity we founded to provide legal protection and manage the assets of the Orthogate project. In this case, ISOST accepts all incoming donations, so we have only one legal entity to manage.

Donate Using PayPal

If you have a major credit card (Visa, MasterCard, American Express) or a PayPal account, donating is easy. Just click the "Make a Donation" button below to donate:

Donations from Outside of the United States

We welcome donations from anywhere in the world and in any currency. PayPal accepts a number of international currencies.

Donations by Other Methods

If you wish to donate to ISOST via direct bank deposit or mail a cheque or money order, please use the contact us on the Orthogate site for details.
