

# Zimmer® Gender Solutions™ High Flex Knee Replacement - Utah Bone and Joint Center

Last Updated Saturday, 04 November 2006

On Thursday, November 16, at 6:00 p.m. (MT), LDS Hospital in Salt Lake City, UT will broadcast a live Zimmer MIS Total Knee replacement procedure featuring the Zimmer Gender Solutions High-Flex Knee, the first knee replacement shaped to fit a woman's anatomy.

This OR-Live.com broadcast is in conjunction with the Zimmer MIS Surgical Solutions in the Hip & Knee Symposium.

Kim C Bertin, M.D., Orthopaedic Surgeon at the Utah Bone and Joint Center, Salt Lake City, Utah, will perform the surgery. The webcast will be moderated by Aaron A. Hofmann, M.D., Professor of Orthopedics, University of Utah School of Medicine and Orthopedic Section Chief, Veterans Administration Medical Center, Salt Lake City, Utah.
