

Johns Hopkins Review Course Weekends 2007

Last Updated Tuesday, 03 April 2007

Spend a Weekend With Us! Johns Hopkins Review Course Weekends 2007.

This course is designed to provide an intense overview of clinical Orthopaedic surgery especially for residents intending to take Part 1 of the Orthopaedic Board Exam, or the Orthopaedic In-Training Examination (OITE). The sessions will be conducted by faculty in Orthopaedic Surgery at Johns Hopkins who have significant experience teaching in fellowship and residency programs.

We still have a few seats in our 3 Review Course Weekends for 2007.

New format this year. 3 courses, each complete, each slightly different:

April 13, 14, 15 \$200 Path, Basic Sci, Spine, Foot/Ankle, Adult

May 18, 19, 20 \$200 Path, Basic Sci, Hand, Pediatric Ortho

June 28, 29, 30, July 1 \$250 Path, Basic Sci, Spine, Foot/Ankle, Adult, Hand, Peds
