

Live Debate - Wear Matters

Last Updated Sunday, 09 July 2006

Orthopaedics: Live Debate: "Wear Matters" An Orthopaedic Webinar Brought to you by your Educational Partner, Stryker Orthopaedics. This a live program designed to help orthopaedic surgeons better understand contemporary bearings technologies in total hip and knee replacements. Leading surgeons and scientists will be on hand to help orthopaedic surgeons improve their understanding of patient selection issues with respect to enhanced polyethylene, metal-on-metal and ceramic-on-ceramic technologies. Join our distinguished faculty for this live debate at 4:30 pm EDT featuring Jim, D'Antonio, MD, William Hozack, MD, Steven Kurtz, Ph.D. The virtual seminar will be moderated by Michael Manely, Ph.D.
