

DMX Videofluoroscopy

Last Updated Thursday, 29 March 2007

Click To Play

Example of DMX diagnostic video fluoroscopy.

I was recently testing the services of www.blip.tv. It is painless to upload a video and then insert it into your website like the image above. Once the video is uploaded, you are provided with a segment of code you simply place in the html. Pretty simple. The video above is a part of our new Patient Guide to Whiplash over on eOrthopod.
