

Minimally Invasive Computer Assisted Total Knee Replacement - Tampa General Hospital

Last Updated Tuesday, 03 April 2007

A minimally invasive computer assisted, total knee replacement surgery will be performed live over the Internet from Tampa General Hospital on April 18, 2007 at 4 p.m. ET.

Kenneth Gustke, M.D., Florida Orthopaedic Institute, founding member of the American Association of Hip and Knee Surgeons, will perform the procedure that will be narrated by Steven Lyons, M.D., a surgeon at the Florida Orthopaedic Institute.
