

Pediatric Osteotomy Surgery - Duluth, MN

Last Updated Tuesday, 03 April 2007

St. Mary's Medical Center in Duluth, MN, plans to broadcast a pediatric orthopaedic surgery. The webcast is slated for Monday, April 30, 2007, at 12:00 p.m. The public will be able to watch doctors perform a pediatric osteotomy surgery, which involves reshaping a child's leg or arm bones for improved form and function.

Visit <http://www.or-live.com/duluthclinic/1755> for more details.

Duluth Clinic pediatric orthopaedic surgeon David Gordon, MD, will perform the live procedure. Duluth Clinic orthopaedic surgeons Laura Trombino, MD, and Thomas Patnoe, MD, will help explain the surgery and answer questions as they are e-mailed by viewers. "When it's appropriate, an osteotomy procedure can make a big difference in the life of a child," explains Dr. Gordon. "It can help children have a greater range of motion and less pain."
