

# Miller's New Maintenance of Certification Course

Last Updated Wednesday, 28 May 2008

## MILLER ORTHOPAEDIC COURSE

## MAINTENANCE OF CERTIFICATION

\*\*\* Three years of MOC Examination Credit in a Weekend!

January 23-25, 2009

American Airlines Conference Center, Dallas, TX

The American Board of Orthopaedic Surgery (ABOS) has recently established a new Maintenance of Certification™ (MOC) requirement for Board Recertification. An integral part of this process is the need to complete 20 hours of scored self assessment examinations every three years. The Miller Orthopaedic Course (MOC) will help you do that! We review material from the AAOS's Orthopaedic Knowledge Update (OKU) 9, and teach the material that is tested in the AAOS's 2009 Orthopaedic Self Assessment Examination (OSAE).

The examination, which is included in the course materials as part of the admission price, can then be completed following the course. Once you complete the examination, submit your answers to the AAOS Examination Scoring Center online and get a score and 20 CME Credits will be added to your AAOS Member Transcript File, enough for three years! The AAOS will also send you the answer book.

## Faculty

We will use the same award-winning veteran faculty that has made the Miller Orthopaedic Review Course and the Miller Orthopaedic Recertification Course a success for over a decade. The faculty have all critically reviewed their specialty areas of OKU 9 and the 2009 OSAE and will share this knowledge in our trademark bottom-line style. We are all experts in Orthopaedic Review!

## Location

---

We have chosen the American Airlines Conference and Training Center in Dallas, Texas because of its central location

and state-of-the-art facilities. The Center offers free transportation to and from the DFW airport (just minutes away), free internet access, and a host of amenities.

Registration is available at [www.millerreview.com](http://www.millerreview.com) or 866-615-6376

\*\*\*\*\*Register before Aug 31, 2008 and save!!! \*\*\*\*\*

Mark D. Miller, MD

Professor of Orthopaedics, University of Virginia

Director, Miller Orthopaedic Research and Education

A. Bobby Chhabra, MD

Associate Professor of Orthopaedics, University of Virginia

Co-Director, Miller Orthopaedic Research and Education

\*\*\* Upon successful completion of the OSAE, the AAOS will provide AMA PRA Category 1 CME Credits™ that can help fulfill the CME requirements mandated by the ABOS Maintenance of Certification (MOCTM) process
