

Hands Across the Nile

Last Updated Thursday, 20 November 2008

This conference will cover new and advanced concepts in the assessment and management of disorders of the hand and wrist.

It will include a series of lectures, interactive discussions and demonstrations by leading hand surgeons.

17- 21 March 2009

Egypt - Cruise the majestic Nile, take in the wonders of the Pharaohs and learn the latest hand techniques.

Take a five day tour down the Nile river from Luxor to the Aswan high dam. Visit many historic sites including the Hatshepsut's, Horus, Sobek and Philae temples.

Convenor: Greg Bain (Australia)
