

Economic Stimulus Update: Healthcare IT Incentives for Physicians

Last Updated Sunday, 13 September 2009

Learn about the new incentives for physicians and hospitals from the American Recovery and Reinvestment Act.

On February 17, 2009, President Obama signed into law the American Recovery and Reinvestment Act. The legislation includes \$19 billion to accelerate the adoption of electronic health record software by physicians and hospitals. We are hosting an educational Webinar to help you better understand the implications of the legislation and give you an opportunity to ask questions.
